STUDENTS**3141 Discretionary Nonresident Student Attendance Policy**

The Board, recognizing that its resident students need an orderly educational process and environment, free from disruption, overcrowding, and any kind of violence or disruptive influences, hereby establishes criteria for the discretionary admission of nonresident students.

1. Except as required by § 20-5-321, MCA, the District will admit nonresident students at its discretion. As such, the District will screen all nonresident students and consider only those who meet the criteria set forth in this policy.
2. The Superintendent will recommend to the Board any nonresident student admission in accordance with this policy, with the Board making the final decision on admission.
3. Usually, nonresident students who do not qualify for mandatory attendance will not be admitted to District schools. Exceptions are foreign exchange students, under Policy 3145, and children in the immediate family of nonresident District employees. The District, at its discretion, also may consider for admission other nonresident students.
4. The District will examine a student's records from previous school districts before any Board approval for admission.
5. The District has the option of accepting a nonresident student who does not meet the criteria set forth by the administration, if the student agrees to special conditions of admission as set forth by the District.
6. Every nonresident student who attends District schools must reapply for admission for the succeeding school year by June 15. Admission in one school year does not infer or guarantee admission in subsequent years. The enrollment of these students may be reconsidered at the discretion of the administration as needed. Parents will be given adequate notice (at least 48 hours) before their child's enrollment is discussed by the trustees.
7. The District will not admit nonresident students when doing so would require hiring additional staff or providing educational services not currently offered or would create crowding of existing classes.
8. All resident students who become nonresidents because their parents or guardians move

out of the District may continue attendance for the semester, barring registration in another District. At the completion of the semester, a student must apply as a nonresident student.

9. The Board reserves the right to charge tuition for nonresident students. At its discretion, the Board may charge or waive tuition for all students whose tuition is required to be paid by one kind of entity, defined as either a parent or guardian or a school district. Any waiver of tuition will be applied equally to all students whose tuition is paid by the same kind of entity (i.e., if the District charges tuition in those circumstances where a resident district pays but waives tuition in those circumstances where a parent or guardian is responsible for tuition, the tuition waiver will be applicable to all students whose parents or guardians bear the responsibility for payment).
10. All nonresident students will be considered ineligible transportees for school transportation services (§ 20-10-101, MCA).
11. The Board may declare an emergency which, in its opinion, necessitates the removal of all nonresident students from District schools.
12. The Board will not admit any student who is expelled from another school district.
13. Full time tuition for students in grades K-6 will be \$1200.00 per year and \$1500 per year for students in grades 7-8.
